

## Undergraduate Researcher Acknowledgement Form

To enroll in MIMG 196A/B and 180A/B, you must sign the acknowledgement form below and submit it to the Undergraduate Office, along with your and project proposal and the Faculty Mentoring Agreement form.

**You must be available to attend the 180A/B research seminar courses in Spring and Fall. For Spring 2018 and Fall 2018, the seminar will be offered on Mondays from 12:00-1:50pm.**

**Do not apply unless you will 100% commit to this seminar time. If you are accepted to Path 2 but then want to take a class that conflicts with 180A, you will NOT be accommodated.**

Your signature below confirms the following statements:

“I am proposing to enroll in MIMG 196A/B and 180A/B in Spring and Fall 2018”

and

“I have read all information including the overview of laboratory requirements for MIMG, details for the Path 2 application process, research proposal guidelines, and the course descriptions in the UCLA Schedule of Classes pertaining to the course I have indicated above. I also know that I am responsible for and will be held to all instructions and policies detailed therein.”
